## COMMENT!!

Feeder strs & hfrs under 650# steady to mostly \$5.00 lower, over 650# \$5.00-\$10.00 lower. A good run of both feeders & cows including several strings of bred cows in the offering. The feeder market is still trying to find equilibrium following the sharp cash advance seen the first week of the new year & the sharp futures decline over the past ten days or so. Buyers are much more selective to quality & condition with the demand for calves under 650# certainly better than their heavier weight counterparts, especially on the higher quality grass prospects.
