Too few feeders at recent sales for a good price comparison. Buyers continued to be aggressive for calves even with a slumping futures market at the CME, & considering this to be one of the hottest days of the year so far with temperatures in the 90's with high humidity. Wet weather still has most of the hay left in the fields & there will be many unplanted acres this year in Northeast Missouri.

JUST SOMETHING I READ!!!!

Your shoes are the first thing people subconsciously notice about you. Wear nice shoes.

If you sit for more than 11 hours a day, there's a 50% chance you'll die within the next three years.

There are at least 6 people in the world who look exactly like you. There's a 9% chance that you'll meet one of them in your lifetime.

Sleeping without a pillow reduces back pain & keeps your spine stronger.

A person's height is determined by their father, and their weight is determined by their mother.
