### CAN YOU BELIEVE !!!!

If a part of your body "falls asleep", you can almost always "wake it up" by shaking your head.

There are three things the human brain cannot resist noticing - food, attractive people & danger.

Right-handed people tend to chew food on their right side.

Putting dry tea bags in gym bags or smelly shoes will absorb the unpleasant odor.

According to Albert Einstein, if honey bees were to disappear from earth, humans would be dead within 4 years.
