**RECEIPTS: 475**  
Only very limited comparisons with sales from the previous couple of weeks with prices trading with a firm to higher undertone. Mostly yearlings in the offering with two loads of heifers the highlight of the afternoon. Ample rain to this point in the summer has kept everything green with no reason to pull any cattle off of pasture early. Crops look wonderful as well with USDA set to give us its first real estimate of crop size on Friday, August 12.
