RECEIPTS THIS WEEK: 1020
Compared to last tested market two weeks ago, feeder steers & heifers traded steady to \$3.00 higher with the yearling cattle only lightly tested. Bulk of the supply was calves with several top quality strings in the offering. The crop harvest is winding down & the dual grain/beef producers will soon turn their attention to buying & selling cattle. The beef market has finally showed a little strength over the past couple of weeks, but last week's disappointingly steady fed trade & lower futures prices Monday may have halted the rally.
