The Importance of Walking !!

Walking can add minutes to your life, this enables you at 90 years old to spend an additional 5 months in a nursing home at \$7000/month.

My grandpa started walking five miles a day when he was 60. Now he's 97 and we don't know where he is.

I joined a health club last year, spent about \$400, haven't lost a pound. Apparently you have to go there.

Every time I hear the dirty word 'exercise', I wash my mouth out with chocolate.

I know I got a lot of exercise the last few years, just getting over the hill.

We all get heavier as we get older, because there's a lot more info in our heads. That's my story and Im sticking to it.
