1300# 3rd stage \$750.00-\$875.00.

**RECEIPTS LAST WEEK: 1413**

Compared to last tested market, steer & heifer calves traded unevenly steady with a higher undertone on the yearling cattle. The calf run consisted of many smaller pkgs of calves, of varying quality & condition. More bull calves also in the offering as some consignments have never met the local vet. True yearling cattle were highly sought after with many interested buyers.

#### FEEDER STEERS

Medium & Large 1 & 1-2

### IMPORTANT MESSAGE FINISHED CATTLE PRODUCERS!!!

BQA (Beef Quality Assurance)

The time has come to prove to the consumer that we as livestock producers treat our livestock humanely.

One of our major packers has announced starting January 1, 2019, it will only purchase livestock from producers who are BQA certified.

Many of the other major packers may be requiring that the cattle they purchase are from BQA certified customers as well.

Starting January 1, 2019 this one packer will not purchase cattle from producers who are not BQA certified. They will require Livestock Markets to keep a copy of each producers BQA certification on file. If you are selling finished cattle through us, another market or direct, you will need to be certified.

If you are already BQA certified we will need a copy of your certificate for our file.

If you are not BQA certified, we will be holding a class November 27th at 2:00 pm to enable you to get certified, it should take a couple hours of your time.

If you are in the cattle business it may be worth your time to get your certification. Who knows what class of cattle will be required next, feeders cull cows, yearlings?

Give us a call to hold you a spot.
