FEEDER CATTLE

12:00 PM

Compared to market two weeks ago, feeder steers traded steady. Feeder heifers under 600# \$10.00-\$20.00 lower on a light test, with weights over 600# steady to \$5.00 higher. Order buyers were active which was welcome to see as many of the locals were out of the market. NE MO has had the worst spring drought since 1988. The hay crop has been on either side of 60% of normal & pastures are nearly gone with the calendar still showing June.
