FEEDER CATTLE

12:00 PM

Compared to the last tested market three weeks ago, all weights of steers and feeder heifers under 650 lbs traded sharply higher. Few comparisons for the heifers over 650 lbs. Excellent late summer prices for the producers that have calves or yearlings they may want to market. The last two weeks have brought some nice rains across the local area with pastures turning green again and easing the need for supplemental feeding.
